Re: Scientific Chemical  
Processing Facility,  
Newark, New Jersey  
and Carlstadt, New  
Jersey

Dear Ms. Feldstein:

This letter is in reply to Mr. William Librizzi's letter and "Request for Information" addressed to The Bendix Corporation, ("Bendix") which was received by Bendix on or about March 4, 1985. Bendix is a subsidiary of Allied Corporation.

Mr. Librizzi's letter requests that Bendix, within 14 calendar days after receipt of the letter, provide EPA II with certain information and copies of documents concerning Bendix waste materials that may have been disposed of or handled by Scientific Chemical, Inc. ("SCP"), Presto, Inc., or the Energall Corp., located at 411 Wilson Avenue in Newark, New Jersey or at 216 Paterson Plank Road, Carlstadt, New Jersey.

In response to Mr. Librizzi's letter, Bendix has conducted a search for documentation and information which might suggest that Bendix engaged in waste disposal transactions with SCP or any of the other entities named in Mr. Librizzi's letter. Bendix' search did not locate any documentation or information which would indicate or cause Bendix to believe that Bendix engaged in waste disposal transactions with SCP or any of the other entities, at either

337308

address, named in Mr. Librizzi's letter. Accordingly, the nine specific interrogatories and document production requests contained in Mr. Librizzi's letter do not appear to be applicable to Bendix. Attached is Bendix' signed "Certification of Answers to Request for Information," in this regard.

As Bendix' search has found no indication of any Bendix involvement with SCP or with any of the other named entities, Bendix respectfully requests the EPA II provide it with a letter indicating that it has withdrawn Bendix from consideration as a generator or transporter, etc., in connection with SCP and the other named entities at either address. If, however, EPA II possesses any information and/or copies of documents which persuades EPA II of Bendix involvement with SCP and/or the other named entities located at 411 Wilson Avenue, Newark, New Jersey, or at 216 Paterson Plank Road, Carlstadt, New Jersey, Bendix requests that EPA II provide Bendix with copies of the information and/or documents, so that Bendix may have its records reviewed again, in an attempt to locate any such documents and/or information.

With respect to this response, this letter is written without prejudice to any legal rights Bendix has in this matter.

If you have any questions regarding this response, please call me at (201) 455-3455, or if I am unavailable, Mr. W. F. Potter at (201) 455-3856.

Sincerely,

Kenneth E. Stroup, Jr. / ml  
Kenneth E. Stroup, Jr.
